

## About the Artists

ARama Silks and Crafts is the brainchild of Launa Cresswell,

a British artist with a passion for beautiful and unusual home furnishings

from around the world.

"During my travels around the world, one of my enthusiasms is to collect various unique arts, crafts and materials that I display around my home or collect for gifts to close friends.

Being an artist myself I am always keen to meet the creator of these amazing pieces in order to learn and exchange new techniques and consort the motivations behind their inspired creations.

Having traveled a lot in Asia particularly to Cambodia and Indonesia. I have collected a lot of art and craft pieces both for friends and myself. Eventually the gifts I would collect became so popular that each trip became an avid shopping expedition to collect as many unique and unusual things as possible. My collections and expeditions grew to the extent that I decided to form ARama Silks and Crafts."

"Joining forces with other artists I have been able to put together an amazing collection of art pieces that are exclusively produced for ARama Silks and Crafts. Many Items are one-of-a-kind creations, produced by myself and other artists, giving them an opportunity to

display and sell their art.

ARama Silks & Crafts has an 'Artists Spotlight' for fellow artists to display their visual art. It is my hope to extend this to a written and audio works platform to be open for all to all.

Currently ARama Silks and Crafts has a gallery displaying my work which can be viewed at your leisure, please send me you comments and questions to [aramasilk@yahoo.com](mailto:aramasilk@yahoo.com)."
